

e-asTTle Release 8.5.2

June 2019

The following patch will be implemented to e-asTTle in Release 8.5.2

Summary of Release

Page

A. ILP report for Year 3

2

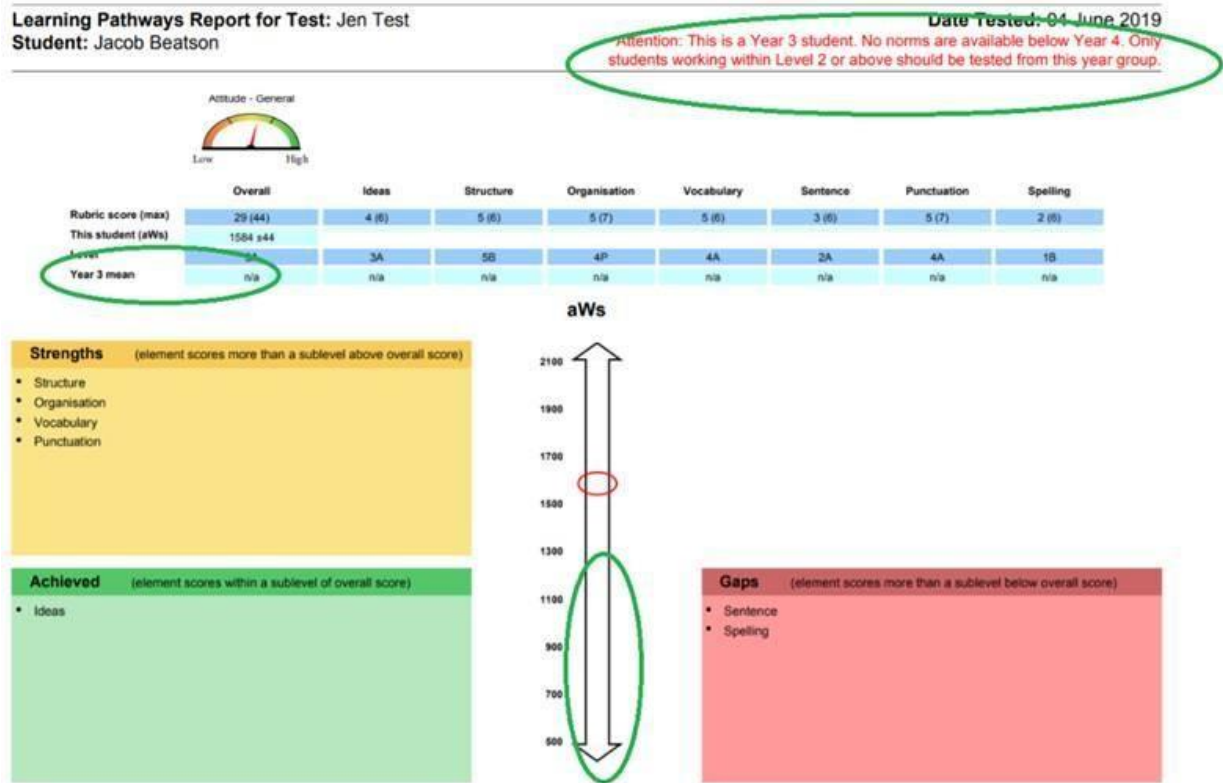

A. ILP report for Year 3

Background

Historically, for Year 3 students ILP reports were available for Writing tests only, as Year 3 norms are not available for the other subjects.

The 8.5.0 release included a change to allow access to **non**-Writing ILP reports for Year 3 students - with a warning message explaining that no norms are available. The change was *not* intended to affect Writing ILP reports, because norms *are* available for Year 3 Writing students. However, a bug in the release meant that:

- the red warning message displays incorrectly for Year 3 Writing ILP reports
- the blue norms are not displaying on the aWs arrow
- the Year 3 Overall mean is not displaying in the table as it should

Change

The 8.5.2 release fixes this issue so that Year 3 Writing reports display correctly with norms and associated information.
